

## PROJECT 10073 RECORD

1. DATE - TIME GROUP SEP 21/0130Z	2. LOCATION HUNTINGTON, NEW YORK
3. SOURCE CIVILIAN	10. CONCLUSION INSUFFICIENT DATA FOR EVALUATION
4. NUMBER OF OBJECTS ONE	
5. LENGTH OF OBSERVATION NOT STATED	11. BRIEF SUMMARY AND ANALYSIS The observer sighted a star-like white light that appeared similar to a satellite.
6. TYPE OF OBSERVATION GROUND VISUAL	COMMENTS: The observer said that the New York Times did not list any visible satellites for that night. Since there are well over 150 satellites and associated objects that are visible to the naked eye the New York Times wouldn't list them all. The duration and direction were not stated, therefore, the observer was requested to complete a form 117. This form has not been returned as of 4 Sep 1968.
7. COURSE NOT STATED	
8. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
9. PHYSICAL EVIDENCE <input type="checkbox"/> Yes <input type="checkbox"/> No	

FORM  
FTD SEP 63 0-329 (TDE) Previous editions of this form may be used.

Dear [REDACTED]

Your letter of July 22, 1968, addressed to the National Aeronautics and Space Administration, in which you described a sighting of an unidentified flying object (UFO), has been referred to this office.

Without additional information, we cannot offer an explanation of your sighting. However, if you will complete the attached questionnaire and mail it in the inclosed envelope, our technical people at Wright-Patterson Air Force Base, Ohio, will be able to investigate further and make an evaluation.

Should you ever sight another UFO, please report it as soon as possible to the nearest Air Force base. Each base in the United States has a UFO investigator, who is in a better position to make an on-the-spot investigation, which usually results in a more accurate analysis.

In the meantime, you might be able to identify the sighting yourself by looking at the categories of objects often reported as UFO's in the Project Blue Book we are inclosing.

Sincerely,

JAMES H. AIKMAN  
Major, USAF  
Chief, Civil Branch  
Community Relations Division  
Office of Information

July 22, 1968

Dear Sirs,

I would like some information on U. F. O. s. On July 20, 1968, I saw one. It was very small. It wasn't a comet or a meteor and it wasn't an asteroid or a meteorite because it didn't have a tail on it and it didn't blink out. It just faded away like an airplane going out of sight except it ~~wasn't~~ wasn't an airplane because it was a white light and it didn't blink. It looked like a satellite except it wasn't ~~because~~ because I looked in the New York Times (a newspaper) under Visible Satellites and it said nothing about

et. The Times said when and where  
you could find them. And it was in the  
middle of the sky and usually it said  
you could find it in the east horizon  
or the west horizon.

Your friend,

P.S. I saw the U. F. O. about 9:30 P.M.
